two Zone leaders.

##### Resolution No. 2

Whereas, our present method of reporting to the District  
office is inadequate and

Whereas, at present our Minutes make provisions for quarterly

a highlight in the life of any minister, be it

Resolved, the District Superintendent and Council shall  
arrange with the General Superintendent or appointee,

Whereas, there is a great need for collective advertising both in the newspapers and telephone as well as other means, be it therefore

Resolved, we recommend to the District Superintendent and Council that a Publicity Committee be appointed and that their function shall be to coordinate the advertising of our district and that all of our church be included. They shall also be in charge of any other advertising that shall be pertinent to our district.

Resolution No. 8

Whereas, we have a majority of churches and membership in this area as compared to the Wesleyan Methodist Church and we have a district with a spirit that is second to none, and we definitely feel that this spirit would be curtailed if we were made to merge with an existing district elsewhere, be it therefore

Resolved, that we express our desires and wishes to the Secretary of Church Extension and that he convey these wishes to the proper authorities in the merging committees and pray for their granting our

wish to remain in the present confines of our district as presently set forth in the Manuel. Also that the Wesleyan Churches that are in this area be invited to be full members of this district. This is done to continue a program that we feel is vital to our church and that is the evangelization our large cities.

Final Resolution

Whereas, this has been a year of transition and re-adjustment, we first want to thank God for his help in keeping us as a district with our men and brethren settling down to do the job before us. Second, we are thankful for the direction of our District Superintendent, how he has not been content to be caught up in the attitude of complete retreating, but has forged ahead into new fields and we are retrenching not retreating. Third, we are thankful for you, Rev. Miller, who has encouraged our District Superintendent as well as we ministers in your leadership in this conference, therefore be it Resolved, that we stand as a conference body and thank you personally for coming here and will pray God's best blessing upon you in the days ahead.

## THE DISTRICT SUPERINTENDENT'S REPORT

1966 - '67 Conference Year

General Secretary of Church Extension, Rev. W. N. Miller, Delegates to the 15th Annual Conference of the Capital District of the Pilgrim Holiness Church, Friends:

Late last summer, General Secretary Miller approached me about considering this office. Knowing little about Capital District I gave very little consideration. However, the Lord began to talk to me about the matter and I finally agreed to come to Washington and meet the Pastors and see the Churches.

I was profoundly impressed with the dedication and stature of the pastors and the unlimited opportunities presented in Capital District.

After seeking diligently for God's will, I felt this to be God's choice for my life at this time.

The past few months I have been privileged to serve as your Superintendent have been pleasant ones. Each Pastor and our many fine laymen have given my entire family a warm welcome. Words cannot express our gratitude to each of you for your sincere kindness.

This conference year has opened new doors of service for Capital District and has proven to be a year of progress for nearly all of our churches.. Thank God for every dedicated Pastor and Laymen who has helped to make this success a reality.

We cannot enumerate every area of achievement but will highlight a few.

### A NEW CHURCH BORN

Over a year ago, a prayer meeting was established in the Waldorf, Maryland area. Rev. Robert Campbell, pastor of Alexandra, First Church, has conducted many of these Thursday night meetings, personally. Last Fall, the local elementary school was rented for Sunday School and Morning Worship Service. No. Sunday evening services were conducted due to lack of facilities.

It was my happy privilege to organize the Waldorf Church, Sunday, April 2, with Ten (10) Adult and One (1) Junior Member. The newly organized church immediately took steps to produce a permanent place of worship and housing for their pastor. We have a signed purchase contract on a home which serves as a Chapel and Parsonage. The first service was held in these new quarters, Sunday, May 7. A sound budget has been worked out which includes, full property payments, utilities, an allotment for pastors salary and other incidental costs. This work is fully self supporting.

Much credit is due Mr. Edward Nugent for his vision and tireless efforts over the last year, which has led to the organization of this new church.

### GROWING PAINS

There is always a price for progress, but this is one cost we face with energy and courage. Where there is a genuine Christian committment, there is persistent determination to reach the lost for Jesus Christ. Such determination demands that we keep pace with our opportunities.

Cresaptown Pilgrims have experienced continual Growing Pains since their organization, less than two and one-half years ago. Pastor Johnson tendered his resignation to me expressing his feeling that the church needed a full time pastor. Since that time, I have been working toward this goal. The District Council in conjunction with the Pastors have worked on an accelerated Missionary Program to make this possible. The District has committed itself to partial salary and the local church is underwriting the balance of the salary and has pledged to provide parsonage and utilities. Plans are well under way to build an adequate parsonage in Cresaptown.

This church has grown rapidly but I believe their finest hours are ahead.

While this conference is in session, Pastor Johnson is convalescing from serious surgery. At his request, I bring you greetings from he and Mrs. Johnson. They send their love and thanks for your prayers.

I take this opportunity to express the deep appreciation of the Conference for the sacrifice and service given so generously to the Church by Rev. and Mrs. Johnson. May the God of all Grace reward accordingly.

Oxon Hill, another of our infant churches, is showing remarkable gains in all departments. Steps need to be taken to increase our educational facilities. We are searching diligently for God's guidance as we endeavor to keep pace with our opportunities in Oxon Hill.

Pastor Davis opened this church without an interested nucleus of people. It is not easy task but a very challenging one when we feel God has led us. Brother Davis is a real Pioneer Missionary and God has blessed his labors.

### OUR FUTURE

Our future is as boundless and limitless as God himself. If there are handicaps and limitations, we create and nurture them.

One human weakness is to think our strength is determined by the number of local churches we have. I believe this is only a partial truth. The greatest growth potential in Capital District lies in the structure of our present congregations. We have adequate facilities to accommodate larger Sunday Schools, Worship services, Evangelistic meetings, etc. There is no area in the Nation more needy for a Positive Salvation Message, than the Nation's Capital.

The secret to success is defining your mission, then with singleness of heart, mind and strength, pursuing that mission. Achievement begins with a fervent vision but is only realized by hard work. Success is created by initiative, promptness, well-organized work schedules, thoroughly organized plans and speedy execution of those plans. The road to success is not an easy road but it is a satisfying and delightful one. Hard work will harm no one but lack of will defined purpose will fade a man or a church into oblivion.

I wish to challenge every Pastor and Congregation to return from the Conference and initiate planning for growth in every department of your local church.

Our Sunday Schools are growing but we must accelerate this growth. Morning Worship attendance has shown marked increase, but we must continue to build this very important phase of our Ministry.

Mid-week Prayer Service is the life line of Spiritual Strength to we Christians, and it needs to have stronger emphasis in the total church program.

We need to strengthen our Youth Program. Social life plays its part and is important but we need to provide opportunities for Christian Service to all our Teenagers. Contrary to our thinking, Youth are looking for a challenge to service and will not be satisfied to exist in a social vacuum. Let's open doors of service for Pilgrim Youth.

The Christian Youth Crusaders (C.Y.C.) program of the Denomination is a thoroughly planned and tested program. If your church has not initiated it, plan to do so in the immediate future. Training our youth is building the Kingdom of God. C.Y.C., is a very effective training program.

The door of our Future will be unlocked with the Key of co-operation.

In the work of the Church we do not succeed by traveling alone as individuals or congregations. The degree of Team work greatly effects the degree of our success. We are not capable of proper development as individuals or groups when we build with selfish motives, intentional or unintentional.

Learning to give and to share with others is vital to our development.

Take Budgets for an example. They are not cold legislative force, designed to force you to support a cause. They are established by the Conference as a means of maintaining the Total Conference Program. It is a grand privilege for us to share in this opportunity to take Christ to others. "Give and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that you meet withall it shall be measured to you again," Luke 6:38.

One way for a church to completely wither up, is for you to invest solely in your operation. When we do this it is evident we have lost our Missionary Compassion and with this we lose our sense of Mission.

I have every confidence that I can count on every Pastor and you good Laymen to see that your church meets the challenge and keeps all the budgets paid each month.

#### CONCLUSION

In conclusion, I express my deep appreciation to all our pastors for the splendid work they have done this past year. It requires genuine dedication to serve without salary or with very limited salary as most of our men do. Without this sacrificial service Capital District would not exist. Let us Pray and strive together, toward a Goal of full Pastoral support for each Church.

I Thank God for the host of Christian Laymen who make up our Conference.

It has been a pleasure to work with the District Council. Each man has spent many hours, over the past months, giving of his time to the interest of the Conference.

We are honored to have the General Secretary of Church Extension Rev. W. N. Miller, with us. I count it an honor to serve under Brother Miller. He is working tirelessly to advance the work of our Great Department.

Now, May God guide and give wisdom as we begin the work at hand.

Respectfully submitted,

Charles L. Felsburg
