RECORDS

This booklet is called the minutes of the Kentucky District Assembly, held in 1926. It contains the records of preachers called of God, and to whom the people of the District look for the ministry of the Gospel.

This book records what they have done for GOD and HIS cause during the past year. Twenty years from now they may be read and compared to what light in those days may reflect.

This booklet also shows what a Church has done in standing by the Gospel and coming up with the requirements of the District Assembly whether it has had Revivals, and shown interest in advancing the cause of Christ.

As a consequence of such records, there will be judgment passed as to whether the work and accomplishments have come up to the best that could be done, but in such case the judgment will be that of men.

We are told in THE BOOK, that some day we must all appear before the Judgment seat of Christ, and be judged according to our work. This will have attached to it far more consequence than the relation to a District Assembly.

My Brother, let us work while it is called day, let us do more for the Master this year than the year past and gone. Let us not be satisfied with getting a few SAVED and into the Church, but let us set our standards to get all saved and into the Church that we can, while we also do all we can to keep them saved, and ready for the coming of the LORD.

Your Undershepherd,
WINFRED R. COX.

BE SUNNY

It's the lines of a smile and not a frown
That pulls things up instead of down.
There's many a lift not hard to trace
In life. That's due to a smiling face.

The Gospel of Jesus Christ is not only a gospel for all men, but it
is a gospel for the whole man.

All men make mistakes. That is why
erasers were put on lead pencils.

"Blessed is the man that endureth
temptation."

REPORT OF COMMITTEE ON MEMORIALS. Kentucky District.

No. 1: We recommend that instead of holding our General Assembly every two years as we now do, that we hold them every four years; believing this will be sufficient legislation for the governing of our church and will eliminate much unnecessary expense.

No. 2: We also recommend that we elect at this assembly two general superintendents for our general church in the home land, one to have the general oversight of that part of our church known as the western area and the other the eastern, boundaries to be fixed by the general council, and that these two superintendents be paid a stipulated salary to be fixed by the general board, hereinafter recommended, and all moneys paid them for their evangelistic labors or donations be their own, a report of their labors and income be given per annum at the General Assembly meetings.

No. 3: We also recommend that one general superintendent to be elected to have the general oversight of our foreign work, one preferable who has the foreign work at heart and who is best acquainted with said work. He to be paid as the other two, only that his salary be paid from the foreign missionary treasury.

No. 4: We also recommend that the rules to govern the deliberation of our General and District Assemblies be eliminated from our Manual and to adopt the Roberts Rules of Order.

No. 5: We also recommend that the scripture references in connection with the governing of our church, except one or not more than two be eliminated from our church Manual, also the ministerial directory by districts be eliminated from our Manual and to be embodied in the minutes of our General Assembly, as we realize this procedure will greatly reduce the size and cost of our Manual, placing the book within reach of all our people that they may be better informed in regard to our church government and as a result greatly augment our church work and become more loyal pilgrims.

No. 6: We also recommend that a probationary system for our church be embodied in our Manual, believing after much experience in pastoral work that such a system will greatly enrich our church, providing such a system can be adopted and enforced and to do so we recommend that the pastors be amenable to the district superintendent for the enforcement of said system as far as practical, and that the district superintendents be amenable to the general council.

No. 7: We also recommend that the eight general boards now existing be eliminated from our church rules, and that said boards be merged into one board consisting of sixteen (16) members, more or less, as may be determined by our General Assembly from time to time, said board to be elected to office to serve four years.

No. 8: We also recommend that the district superintendent be elected for a term of two years.

No. 9: We also recommend that a pastor be elected for a term of two years by a two-thirds vote of all the voting members present of the local church, a majority vote of all the voting members present be a sufficient cause for his resignation at the expiration of said term, the outgoing pastor to be given sixty (60) days to vacate, in the event the church deem it advisable for the best interest of the work to have a change of pastor during the said term of two years they shall confer with the district superintendent and he shall call a meeting of the district council and the findings of said council or decisions of said council shall be a final settlement of their grievances.

Respectfully, your committee,
A. A. PRICE, Chairman.

REV. J. THOMAS JOHNSON
District Sup. Kingswood, Ky.

TO THE SEVENTEENTH ANNUAL ASSEMBLY OF THE KENTUCKY DISTRICT OF THE PILGRIM HOLINESS CHURCH, CON- VENED AT ASHLAND, JULY

26-30, 1926.

Beloved Fellow Pilgrims:

Gospel greetings in the precious name of Jesus. The closing of another conference year brings us together to make our various reports of the battles and victories in our different fields of labor. It reminds us in a very meagre way of that time when we shall make our final report in the Assembly of the Saints, and if we have been faithful to our post of duty, no matter how small, the great General Superintendent will say, "Well done, good and faithful servant, thou hast been faithful over a few things, I will make thee ruler over many things; enter thou into the joys of thy Lord."

We have no flattering report to make of rapid strides or great upheavals, but we have a substantial report of gradual growth on every line that we believe will count for time to come. The harmony that exists among the evangelists, pastors and people that has never been surpassed. The preachers' meeting held in Cynthia in March was a great factor in bringing the preachers and workers together in a more intimate relationship, which greatly helped to cement the fellowship of the district.

We have not reached out into new territory to no great extent, although we have the three new organizations to report; but we have been centering our efforts on our work already established, and trying to strengthen the home base and when that is done the reaching out into new fields will be a natural sequence, and will be cared for after being brought into existence.

Through the efforts of Rev. E. A. Perry, we have a new organization at Warfield with a live Sunday school and bright prospects for the future. The little band have called a pastor for part time and expect to press the battle. Soon after our last assembly Rev. J. C. Cassidy was called for a revival at Olive Hill, and as a visible result at the close of the meeting the two little bands of people there came together and formed a splendid church and expect to erect a new church building soon. The third organization was a trophy of the efforts of Rev. J. R. Loomis at Erlanger, assisted by Rev. J. C. Cassidy. The little band at Erlanger has a good Sunday school and are looking for a lot upon which to erect a building in the near future.

We have one new church building finished and two parsonages under construction, and nearly all our buildings have undergone repairs this year. Under the leadership of Rev. A. A. Price, the congregation of at Pike Street, Covington, have erected a splendid brick building on the site of the old Mission church, with ample room upstairs for a splendid parsonage when finished. The little flock at Latonia, with Rev. L. A. Williams and wife as pastors, are finishing up a splendid six-room parsonage, which will be the best parsonage on the district.

We have been disposing of the driftwood of the district. After giving a thorough tryout to a place and it will not move, we take it for granted that "Ephreum is joined to his idols, let him alone," and as some old church buildings that have been locked up for months or years and have become an eye-sore to the community, and they point the finger of ridicule and say, "There is the Holiness church," we felt it would please God to dispose of them, and either tear them down or use them for something else, so we have disposed of four, and have been using the time and money that would have been lost there, to where it would count for God and souls.

Three churches have been dedicated this year. The splendid new church at Covington was dedicated to the Lord Sunday, January 17. Rev. M. G. Standley of God's Bible school preached the dedicatory sermon and the anointing that was on the service proved that God was well pleased. The preachers' meeting at Cynthiana will never be forgotten by those that attended, for we shall never forget how the fire fell, and at the close of the meeting the building was dedicated to God free of debt. May 23 was a great day in Hitchens. People and preachers from the nearby towns were gathered there at the close of a revival held by Brother John McNurlin, and amid shouts of joy and songs of praise, while the fire fell, we dedicated the building to the service of the Lord.

While this has been a strenuous year in many respects through sickness, yet I have been able to make three trips over the district and four and five trips to many of the churches, and have kept in close touch with them by letter, having sent out one thousand, seventy-five letters, or an average of nearly one hundred letters per month for the conference year as our year is only eleven months long this year.

I have preached one hundred and five times and have seen several saved or sanctified in those meetings, which have been reported by the churches in which the meetings were held. Have held eighty business meetings and have received as support \$1,674.74. Have traveled about 4,000 miles at an expense of about \$225.

Respectfully submitted,

J. THOS. JOHNSON,
District Superintendent.

COURSE OF STUDY.

This is a day of specialists. The world is demanding men who are specialists in their various lines. The day of the "Jack of all trades" is past. So far as genuine success is concerned, shall we as ministers of the gospel fall below the standard set by the world in its demands. No wonder Jesus said, "The children of this world are wiser in their generation than the children of light." In order to help those called to the work of the Lord to specialize in their respective lines of work, Kingswood Holiness College has prepared a mail course of study equivalent, if not superior, to our manual course of study, which can be obtained for a small amount. For information, address Rev. C. G. Taylor, President, Kingswood, Ky.

For those who cannot avail themselves of the mail course, the following course prescribed by our manual may be had for the amount specified for each book, and one book at a time may be purchased by applying to Rev. W. C. Stone, 15th and Elm streets, Cincinnati, O., and the chairman of the examining board will be glad to give you examination on each book through the mail at your request, and present your credits to the board at our next assembly.

J. THOS. JOHNSON,
Chairman Examining Board.

SPECIAL ADVICE TO MINISTERS.

John Wesley's "Twelve Rules of a Helper" have perhaps never been excelled as Council to Ministers, whether young or old. These "Rules" are in part as follows:

1. Be diligent, never be unemployed, never trifle away time; never spend any more time at any place than is strictly necessary.
2. Be serious, let your motto be, "Holiness Unto the Lord." Avoid all lightness, jesting and foolish talking.
3. Converse sparingly and conduct yourself with prudence in the presence of women—(1st Tim. 5:2.)
4. Be honest, keep out of debt; preach your own sermons.
5. Believe evil of no one unless you see it done, take heed how you credit it; put the best construction on everything.
6. Speak evil of no one, else your words will eat as doth a canker, keep your thoughts within your breast until you come to the person concerned.
7. Be courageous, fear not to rebuke sin to its face and privately as well as in the public congregation.
8. Flee all affectation. A preacher of the Gospel should regard himself as the servant of all.
9. Be ashamed of nothing but sin. Let your industry, as well as your humility commend itself to all.
10. Be punctual. Do everything exactly at the time, and keep your covenant, not as heavy duty, but for conscience sake.
11. You have nothing to do but to save souls; therefore, spend and be spent in this work, and go always, not only to those who want you, but to those who need you most.
12. It is not your business to preach merely a certain number of times or to take care of this or that church; but to save as many souls as you can; to bring as many sinners as you possibly can to repentance, and with all your power to build them up in "Peace and Holiness without which no man shall see the LORD."

REV. C. G. TAYLOR

President Kingswood Holiness College.

KINGSWOOD HOLINESS COLLEGE AND THE EDUCATION OF OUR YOUNG PEOPLE AND WORKERS.

The problem of the education of our young people is a great and growing question of our Church. This question is demanding a solution, for the simple reason that our educators are seeing that the public education of higher schools of learning is not making a success of life. Especially in the realms of morals.

The World war left the morals of the country at a very low ebb. Not only were we swept from better standards of morals and religion, but our better schools have been unable to get back to the old standards of high moral tone of former days. The present system of public education proves to be a failure when it touches the religious moral side of the life of our young men and women.

When we enter the realm of education and training for missionaries, Christian workers and the ministry, the instruction is not only unable and powerless to elevate the moral tone of society, but is too often striking at the very foundation of faith and salvation, so that modern education seems to be utterly helpless to bring forth any high moral and spiritual results. How can such an education build up spiritual things and help our workers in doing God service and in the salvation of our people.

In its educational work, our own Church is facing this problem and it must be met by our people and rightly solved. The Church must properly safeguard our young men and women, as well as our boys and girls. In these days of apostasy of the times with a strong current of modernism, with its false instruction, is sweeping thousands from their moorings in the faith of our fathers, and their belief in the Word of God, into unbelief and infidelity.

The parents of our young people, as well as our Church, too, often waken to this fact when it is too late to recover even the brightest and best young people amongst whose minds and hearts have accept the follies of science, and the vanities of philosophy.

And it is sad, but too true, that often those that are being sent out to teach and to preach have found their faith honeycombed and tinc-

tured with the unbelief in the fundamental things of Holy Religion that they learned in school life.

Kingswood Holiness College is a school that has been raised up to protect and defend our faith in Christ, and the Bible as the inerrant word of God, and to help solve the intense problem of education for our young people who are called into the work of the Lord. The school has courses to provide for the education of our young people through the grades, the high school and four years in the college, along with these courses, the school has also provided a Christian worker's course, English Bible course and a full three years' theological course. These would meet the need of Christian workers, ministers, pastors, evangelists and others.

To assist in giving a well-rounded education, the school provides musical instruction in vocal, on the piano, stringed instruments of various kinds, also wind instruments with the opportunity of orchestra, mandolin club and band instruction.

The course of study requires nearly a score of teachers, all of whom have the experience of Holiness. The educational qualifications are shown by their degrees and a number of them have a Normal training besides. Besides this our modern foreign language teachers have not only had drill in the literary work of the language, but also have spent a number of years as missionaries in the fields where the language is spoken. Another number of our instructors have had practical work as evangelists, pastors, mission workers, etc., and know how to enter into sympathy with our young people who are training for the work of the Lord.

We do not know of another school of like character and standing where the expenses are so low as this one.

Following is a tabulated outline of some of our courses:

Grades	8 Years
High School	4 Years
College	4 Years
Christian Workers and Missionary	1 and 2 Years
English Bible	3 Years
Theological	3 Years
Music, Vocal, Piano, Stringed and wind instruments.	

The School is planning for a correspondence course for workers, preachers and those who cannot attend classes at the college.

BETHEL ORPHAN HOME.

By J. A. Wisner, Superintendent.

To Our Friends and Pilgrims of the Kentucky District—Greetings in the Precious Name of Jesus:

We praise God for the splendid year that has just become history; and we truly thank you for your fellowship, co-operation, prayers and gifts.

J. A. WISNER
Superintendent of Bethel Orphan Home.

God has in a very remarkable way answered prayer and supplied our needs. His presence so real, has been an inspiration to our souls; and a spirit of genuine old-fashioned revival fire has burned, and we have not had one case of serious illness during the year; and while the work has been hard and oftentimes required abounding grace, yet we were conscious that we were on holy ground and were delighted to have a small corner in which to labor in His kingdom and counted it a privilege to be spent for Jesus and homeless children.

There are at this time sixty-three children in the home from coast to coast, Virginia and Maryland to California—eleven States. Fourteen from the Kentucky district.

Four buildings now accommodate these little ones; which property is worth approximately \$20,000 and on which is due a balance of _____

There is in connection with the Boys' Department a farm of about ninety acres on which we grow hay for, and graze our herd of eight cows, besides garden truck for the children. Beside the above indebtedness there is about \$1,000 on the running expenses that should be met soon; and the one known as the Goodman Building is in process of repair which will cost \$1,000.

Recently one of our local physicians, now in Michigan, writes to know if we can use one thousand pounds of navy beans. Praise the Lord. This dear sanctified doctor has been a most valuable friend to the orphans ever since we came to Kingswood, giving them professional services free of charge. God bless him.

Three coops of fine chickens for Thanksgiving and a case of eggs for Easter were sent in from the northeast section of the State. There were many other value gifts and donations received. The more accessible points of the district were visited by some of our children and representatives with the result that a most generous district offering was given for the home, for which we also are truly grateful to our district superintendent, pastors and friends.

One of the outstanding needs is a piano for the Girls' Home. We deeply regret that we have not been able to provide a couple of pianos for the girls. Think of it—rearing thirty-seven girls, expecting them to go out into the Lord's work, and not a piano in their department on

which to practice. We believe it would please God for some of our friends to donate a piano to this worthy cause. Will you kindly pray with us that this urgent need may be supplied.

We also should at once comply with the requirements of our State and install a more complete sewer system. Our State and County officials are co-operating with us by giving us their moral and financial support. This we fully appreciate, for there are few Holiness institutions that are privileged to enjoy this blessing, and we wish at all times to be found worthy of the confidence of those in public office.

On the whole we feel that this past year has been the best in the history of the orphanage at Kingswood. For this we are very gratefully indebted to God, to prayer and you.

While our workers receive a most insignificant salary and often while tired and worn in body they plod on knowing that God has called them to His work, that these friendliness little ones are his, and that the reward in this and the world to come are theirs.

The progress and development of the children in the past may not have been what we would wish it to have been on some lines, but our children we believe outclass any group that we have ever handled in our career, and we feel sure that this homeless crowd of children possesses by far a better chance for a life of blessing than the average child in private homes. They know God and the way of prayer and are learning by simple faith to stand on His Word and trust Him.

Some of them have a definite call to the ministry or to a mission field. One little boy prays definitely and with fervor for God to hasten the day when he can go to carry the Gospel to India.

Let us often breathe a fervent prevailing prayer for the support of these orphans, that God will keep them true, and make their lives bright and shining lights in the this world of crookedness and sin. God bless them.

REV. R. G. FINCH

Foreign General Missionary Superintendent.

A WORD FROM BRO. FINCH

I herewith enclose a short statistical report of our missionary work for the past two years. I am quite sure as you read these figures and note the gain that has been made, as well as the stren-

uous work your missionaries have done on the field you will praise God.

The reason for the success in the Missionary Department, no doubt, due to the great number of prayer and fast days. No matter what we do even in preaching and exhorting, if it is not saturated and oiled by prevailing prayer we will fail.

We all feel that organization and system is good, but even a poor system well oiled by God's love and power will be more successful than a splendid system without the help of God. However, we believe God has given our Missionary Board a system which is good and that is being successful in getting missionaries on the field who hold our native converts mighty prevailing prayer, and days of fasting and prayer, have brought the results you herewith note.

Such faithful ministry in VISITING and PRAYER in the HOMES of the natives following the days of fasting and prayer, has caused HEAVEN to rejoice, and hell to tremble. When we stop to think of 47,000 HOMES being VISITED and prayed in, is it any wonder that God has so definitely set His seal upon our missionary work.

These Missionaries have surely been helped of God in their choosing and placing the native workers. Such a body of faithful, energetic, fire-baptized, native workers are hard to find. Last and by no means least, is the praise, and credit due you, dear readers, for your prayers and financial backing, wherewith you have so nobly stood back of us with, these last two years, and enabled us to make the report you herewith read.

We want to thank you and praise God for every prayer and penny you have given in helping push this department of the evangelizing of the world. In closing let me state, that we will need more tears, prayers and funds, for the coming years than has been given in the past. This may mean great sacrifice, but knowing you as we do, we do not hesitate to believe this is in your program as a child of God. HIS COMING DRAWETH NIGH; what we do will have to be done quickly. Therefore, not only do we praise God for what you are going to do, but beg you to become one of our co-laborers in reaching others in your district, who will join with us in their prayers, tears and funds.

May God give you supernatural strength, health and vision, is the prayer of our heart. All for Jesus.—R. G. Finch, G. F. M. S.
