STABLE ADVANTAGES

The Wesleyan Investment Foundation has been in existence since 1959 with the purpose remaining the same, “to provide loan funds to churches.” The plan offers three characteristics:

- Stability of principal — the value is not based on the stock and bond market and thus does not fluctuate according to those market forces.
- A declared interest rate — participants know in advance what the interest rate will be.
- No charges — participant may transfer assets in or out of the Wesleyan Investment Foundation Option without fees, penalty or market value adjustment from Wesleyan Investment Foundation.
